

FreeMarker template error (HTML\_DEBUG mode; use RETHROW in production!)

The following has evaluated to null or missing:  
==> utag [in template "custom.messageMarkup" at line 86, column 20]

-----  
Tip: If the failing expression is known to be legally refer to something that's sometimes null or missing, either specify a default value like myOptionalVar!myDefault, or use <#if myOptionalVar??>when-present<#else>when-missing</#if>. (These only cover the last step of the expression; to cover the whole expression, use parenthesis: (myOptionalVar.foo)!myDefault, (myOptionalVar.foo)??
